

GIVING TUESDAY

Giving Tuesday At ACCF!!

Achievement Centers for Children & Families (ACCF) has been providing quality child care in the Delray community since 1969. Our programs and staff members reflect the integrity, compassion, and excellence that all children need and deserve. We strive to meet the needs of our more than 500 children and families in all that we do every day.

[Donate to Giving Tuesday](#)

November 30, 2022, is Giving Tuesday. This year's focus is on the path to success. We know the winning formula for our way forward is our parents' love for their children, our

community's own rich assets to foster their growth, and your significant investment in the future of our children.

Your support is essential for our children today to become the people they dream of being tomorrow. Please consider donating on Giving Tuesday to help fund the services upon which hundreds of families and children in our community depend. Thank you!

We know the winning formula for ***our path forward*** is our parents' love for their children, our community's own rich assets to foster their growth, and your significant investment in the future of our children.

We recognize that our children's path forward is our community's path forward.

Our families and children are resilient, but we know that the pandemic's impact on mental health will have long-term effects. Experts tell us that we must be prepared to meet children's growing mental health needs today and well into the future. At ACCF, we are meeting the needs of the children through our various programs and partnerships. We are also meeting the needs of their parents through our Family Strengthening Program. We help parents become economically self-sufficient, build strong family bonds, and thereby create a stronger community.

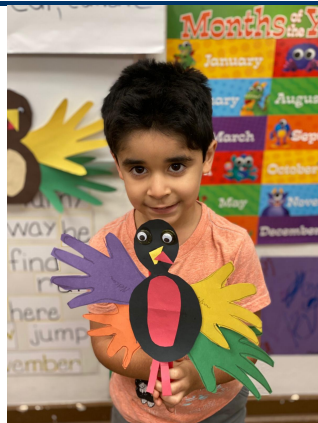

We also know that our children's path forward becomes our teen's path forward.

Our new Teen Program provides enrichment activities that promote self-esteem, decision-making skills, and healthy lifestyle choices. Working with community partners, our Workability Program provides teens with valuable work skills, knowledge of workplace environments, and potential career pathways.

Whether a child participates in our Early Learning Program, Out of School Program, Teen Program, Middle School Program, or camp programs - **ACCF is continually committed to paving the way for their bright futures.**

Your support is essential for our children today to become the people they dream of being tomorrow. Please consider donating on Giving Tuesday to help fund the services upon which hundreds of families and children in our community depend.

With you leading the way, families can create their paths forward and reach their full potential to learn, grow, and achieve. THANK YOU!
